## Nominating Committee Questionnaire

---

**Pulpit Script:** The Nominating Committee has a questionnaire that they would like for you to fill out in order to help them have a better understanding of the wishes of the church body regarding their scope of work. Please understand that this is not a voting card; it is a questionnaire with an inquiry. Only members of the Grace Seventh-day Adventist® Church in good and regular standing should participate in this questionnaire. Raise your hand, if you are a member, and one of the deaconesses will hand you a questionnaire. Once you have received a questionnaire, select one of the three answers to the question by marking the corresponding box and place the questionnaire into the offering plate, at the time when we collect tithes and offerings. Thank you for keeping your responses to yourself. The Nominating Committee appreciates your assistance with this matter.

*Note:* Do not entertain any discussion about the subject of the questionnaire during the worship service.
